

*In the wisdom of every human being,
it is implicit that no one has the right to take another's life,
nor to 'sacrifice' oneself by killing another for retaliation.*

*You all are created from Love, unconditionally!
Care about the other, honor the other as you would yourself.*

*Remove wars from your midst,
for they bring out the darkness within you.
Teach yourself and the other to realize that you are more
than conflict and injustice alone.*

*No weapon is effective to change the times.
Learn to stand and rise without using violence.
For behold, all that has happened takes its toll in the present
where 'an eye for an eye and a tooth for a tooth' is honored.
For this is not out of the Love that is advocated.*

*Not one people stands above another people.
Therefore, renounce any so called claim to a separate state or territory.
For it was only given on loan to you during that time that was.
It's not without reason that peoples have departed
and settled in all regions of your world.*

*Unite in the measure in which you acknowledge your love,
that everyone is spared and you can look yourselves straight in the eye.
Help each other recognize this, so that you recognize
the true faith within yourselves
and raise this up in honor to all on earth,
given to you in everyone's impermanence.*
